

The PiXL Club aim is: To maximise achievement at Key Stage 4 of all young people. We will maximise achievement because we believe....

- The PiXL Club provides high quality leadership
- The PiXL Club is clear that its emphasis must be on KS 4 outcomes and introduces and shares strategies and principles, the majority of which have been successfully applied over many schools for five years. It will retain a Central Meeting where key ideas are introduced, reinforced and disseminated
- The PiXL Club believes that Associates, linking school partners with leaders from successful PiXL schools, have a significant impact on outcomes
- The PiXL Club is a partnership network where celebration, positive attitudes and sharing are consistently evident and promoted. Experienced and inexperienced schools sharing together will continue to have profound impact
- The PiXL Club operates best where relationships are strong, supportive, encouraging and open. The PiXL Club has a 'family feel' which members cherish
- The PiXL Club draws on experienced, energised and highly skilled subject associates in Maths and English to offer high quality support to schools both with ideas and production of high quality resources and training
- The PiXL Club believes that reward and celebration are vital ingredients in the success of any organisation and these are central features in its operation
- The PiXL Club aims to support the promotion of excellence for all students. It is determined to do all it can to improve life chances for young people through improved educational achievement and enhanced self-esteem in order to connect them to worthy potential progression routes beyond KS 4
- The PiXL Club will not sacrifice quality and personalisation for expansion and growth
- The PiXL Club will continue to offer extra-ordinary value for money

These Principles will continue to form the basis of all The PiXL Club enterprises
