The UK's largest education leadership network

Each year, PiXL supports around 40,000 leaders in 2,500 schools from every corner of education.

Our task is simply this: to equip and inspire school leaders to be 'change bringers' wherever they find themselves.

A note from the PiXL CEO, Rachel Johnson

As leaders within the nation's primary schools, you are truly remarkable.

We knew that long before the pandemic, but the past two years have highlighted the importance of teachers and schools across the world. You are at the heart of so much; so much is asked of you, and you have the capacity to make an enormous difference in the lives of the nation's young people.

Our part in that is to get behind you – to inspire and equip your leaders; to help them navigate the highs and lows of leadership. That means we will always be committed to providing the latest research, hearing from colleagues, helping provide growth opportunities and providing resources that save busy leaders time and energy.

We are standing with you every step of the way. We know your work changes lives. We know YOUR leadership changes lives and we are here to help make that happen.

The 3 principles behind what we do

Improving life chances and outcomes for young people

Influencing school leadership, regionally and nationally

Helping school leaders be 'agents of change' for their students

The 4 ways we support our primary leaders

NETWORKING

Creating opportunities for Heads, Deputy Heads and Raising Standards Leads (RSLs) to come together, learn and support each other.

GROWTH

Growing leaders is at the heart of PiXL. We provide books, podcasts, book clubs and even a school of leadership to help develop your leaders.

EVENTS

From our national primary conference, subject-specific conferences, through to RSL events – we believe in the power of coming together.

STRATEGIES

Diagnostic tools, leadership frameworks and assessment support – PiXL is a treasure trove of resources for all our primary schools.

What primary school leaders say...

PiXL

//

PiXL has been a huge support network for our academies during these challenging times. The PiXL team...ask us what we need and adapt their research and provision in order to suit all of our school's different needs.

//

//

The opportunity to work with such a **strong, supportive, diverse team of highly-skilled professionals from across the country** has been a very valuable experience...both as a teacher and leader.

//

//

PiXL is a community of like-minded learners who have a **moral imperative to raise standards and support children and schools better.** Who wouldn't want to be in PiXL?
